

Remarks

Claims 1, 2, and 4-14 are in the application. Claims 1, 10, 11, 13, and 14 are in independent form. Reconsideration is requested.

Applicants submit herewith a Notice of Appeal in response to the final rejection. Claims 1, 13, and 14 are amended to correct informalities in the claims so that they are in condition for appeal.

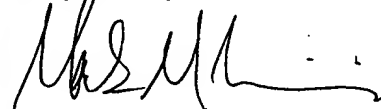

Claim 1 is amended to correct an erroneous reference to "the horizontal selector circuit." The relevant portion of the claim lacks antecedent basis for "horizontal selector circuit" and is corrected to refer to the "vertical selector circuit," which is recited in the immediately preceding passage. Erroneous reference to "the horizontal selector circuit" was introduced inadvertently in the amendment filed November 3, 2003.

Claims 13 and 14 are amended to clarify deletion of superfluous paragraph numbering that was ambiguously deleted in the November 3, 2003 amendment.

Applicants believe the application is in condition for appeal and respectfully request entry of this amendment.
